INDEPENDENT AUDITOR'S REPORT

To the Board of Directors The Carson Medlin Company Tampa, Florida

We have audited the accompanying balance sheets of The Carson Medlin Company as of December 31, 2008 and 2007, and the related statements of operations, stockholders' equity, cash flows and changes in subordinated borrowings for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Carson Medlin Company at December 31, 2008 and 2007, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of expressing an opinion on the basic financial statements taken as a whole. The supplementary information included is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the

Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE CARSON MEDLIN COMPANY NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2008 and 2007

Note 1 - Summary of Significant Accounting Policies

(a) Description of the Business

The Carson Medlin Company (the Company), a Florida corporation, was incorporated in February, 1991. The Company's principal activity is providing merger and acquisition consulting services to financial institutions throughout the United States.

The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and is subject to certain rules and regulations of the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and various state regulatory agencies. The Company has offices in Tampa, Florida and Raleigh, North Carolina.

- (b) The Company maintains its books and records on the accrual basis of accounting.
- (c) Cash consisted of \$138,779 and \$109,867 in an interest bearing account, and \$31 and \$31, in interest bearing accounts at December 31, 2008 and 2007 respectively. Periodically, the Company has maintained balances in various operating accounts in excess of federally insured limits.
- (d) Income taxes The Company, with the consent of its stockholders, elected under the Internal Revenue Code to be an S corporation effective January 1, 1997. In lieu of corporate income taxes, the stockholders are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for current federal or state income taxes has been included in the December 31, 2008 and 2007 financial statements.
- (e) Use of estimates The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 1 – Summary of Significant Accounting Policies, continued

(f) Fair value of financial instruments – The estimated fair value of financial instruments has been determined by the Company using available market information and appropriate data methodologies. However, considerable judgment is required in interpreting data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange. The fair value estimates presented herein are based on pertinent information available to management as of December 31, 2008. Although management is not aware of any factors that would significantly affect the estimated fair value amounts, such amounts have not been comprehensively revalued for purposes of these financial statements and current estimates of fair value may differ significantly from the amounts presented herein. The fair values of cash and accounts receivable approximate carrying value due to their short term nature. The fair value of debt is estimated using current market rates and instruments with the same risk and maturities. The fair value of such liabilities approximate their carrying value.

Note 2 - Officer's Life Insurance

The Company is the owner and beneficiary of a term insurance policy on the life of an officer. The policy has a face value of \$100,000.

REPORT ON INTERNAL CONTROLS

To the Board of Directors
The Carson Medlin Company
Tampa, Florida

We have audited the accompanying financial statements of The Carson Medlin Company as of and for the years ended December 31, 2008 and 2007, and have issued our report thereon dated February 23, 2009. As part of our audit, we made a study and evaluation of the Company's system of internal accounting controls to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including test of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g); in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); in making quarterly securities examinations, counts, verifications and comparisons, and the recording of differences required by Rule 17a-13, and the procedures for determining compliance with the exemptive provision of Rule 15c3-3(e). We did not review the practices and procedures followed by the Company in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customers securities.

The management of the Company is responsible for establishing and, maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether these practices and procedures can be expected to achieve the Commission's above mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from

unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purposes described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of The Carson Medlin Company taken as a whole. However, our study and evaluation disclosed no condition that we believe to be a material weakness. The Company was in compliance with the conditions of the exemption provisions of Rule 15c3-3 and no facts came to our attention which indicated such conditions have not been complied with.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations. Practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory organizations that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934, and should not be used for any other purpose.
